

Fall 2011-Spring 2012 Tuition, Fees & Other Expenses

Undergraduate, Graduate & Professional Students

www.enrollment.vcu.edu/accounting

TUITION & FEE CHARGES

Tuition is determined by the student's residency status, the number of credit hours for which the student is registered, the student's course of study, and the student's classification level.

Undergraduate

An undergraduate student (freshman, sophomore, junior or senior) registered for 12 to 18 credits during any semester is classified as full-time. Tuition and fees are charged at a flat rate. An undergraduate student enrolled for more than 18 credits during any semester will be charged an overload tuition fee. This fee is charged on a per-credit-hour basis above the full-time tuition rate.

Graduate – Masters/Doctoral

A graduate student enrolled for nine to 15 credits during any semester is classified as full-time. Tuition and fees are charged at a flat rate. A graduate student enrolled for more than 15 credits during any semester will be charged an overload tuition fee. This fee is charged on a per-credit-hour basis above the full-time tuition rate. The overload tuition fee will not apply to students in first professional programs.

Part-Time

Students registered for less than a full-time course load are charged a per-credit-hour rate based on their classification (undergraduate or graduate)

Winter Intersession

Winter Intersession courses are billed on the spring invoice, but are computed separately from the spring semester's charges. The cost of a Winter Intersession course is the standard per-credit hour tuition with no fees.

Non-Degree Seeking Students who hold bachelor's degrees are classified as DHG (degree holder graduate) if they enroll in one or more graduate courses. Non-degree seeking students who hold undergraduate degrees are classified as DHU (degree-holder undergraduate), if they enroll in all undergraduate courses. If the student makes changes to his or her course enrollment, the student's classification and charges change in accordance with these guidelines.

REQUIRED FEES

Student Activity Fee is charged to all full-time and part-time Monroe Park Campus students. This fee supports activities scheduled throughout the academic year, such as concerts, plays, student organizations and publications. The fee per semester is \$45 for full-time undergraduate students, \$28 for full-time graduate students, and \$4 per-credit hour for part-time students.

Student Government Association (SGA) Fee

is charged to all full-time and part-time MCV Campus students. This fee supports social, cultural and other MCV Campus activities. The fee is \$18 per semester for full-time students and \$7 for part-time students.

Student Health Fee is charged to all full-time students on both campuses. Part-time students may participate on an optional basis but must pay the full fee. The health fee covers unlimited visits to University Student Health Services for the diagnosis and treatment of acute and chronic illnesses. The student health fee does not cover accidental injury and hospitalization. Fee revenues are used to cover operating costs for University Student Health Services. The fee is \$95 per semester.

University Fee is charged to all full-time and part-time students. Full-time students pay a flat rate of \$818.50 per semester. Part-time students pay \$69 per credit hour. This fee is used by the university to support recreational sports facilities, the Student Commons, campus development, career and counseling centers, student disability and student service center, intercollegiate athletics and other programs.

Technology Fee is charged to all full-time and part-time undergraduate, graduate and professional students in all programs. (For pharmacy see School of Pharmacy Technology Fee.) The fee is used to provide for a student's technological needs and to support university-wide technology initiatives. The fee is \$34 per semester for full-time students and \$4 per credit hour for part-time students.

Capital Outlay Fee is charged to all full-time and part-time non-resident, on-campus students. Full-time students pay a flat rate of \$288 per semester. Part-time students pay \$24 per credit hour. As required by the State Appropriation Act, revenue is used to reimburse the Virginia College Building Authority for a portion of the debt service costs attributable to non-resident students on bonds issued under the 21st Century Program. Revenue is also used to reimburse the State Treasury Board for costs attributable to non-resident students for the debt service on bond issues used to finance equipment purchases through the Higher Education Equipment Trust Fund.

Online Course Fee of \$55 per credit hour is charged for undergraduate and graduate online courses. The fee is for operational and personnel support to develop and maintain online courses.

Dining Plan Changes & Cancellation

Changes to dining plans will be accepted up to 4 p.m. on Friday, the second week of classes. Refer to the VCU Dining Services' Contract Terms and Conditions for further information.

BILLING

The Student Accounting Department is responsible for billing students for the charges listed in this schedule. All charges are due by the official start of the fall and spring semesters.

For charges that are being paid by sources from outside the university, the Student Accounting Department must receive written verification from the payment source stating the award amount, method of payment and approximate date payment will be received from the organization. The award must be unconditionally guaranteed to the university. Students may deduct these outside awards from the amount due on the invoice providing the above criteria are met. Should the awarding organization default for any reason, the student is financially responsible.

INSTALLMENT PAYMENT PLAN

The Installment Payment Plan distributes the costs for a semester into four equal installments. A \$25 non-refundable application fee is paid in addition to the first installment of each semester. All students with current tuition, fees, residence hall and dining charges of \$100 or more are eligible for participation in the Installment Payment Plan. The plan is offered during the fall and spring semesters only. The Installment Payment Plan option must be selected each semester even if the student may have participated during a previous semester. Additional information may be obtained online on the Student Accounting website.

TUITION & FEE REFUNDS

Requests for refunds of overpayments must be made in writing to the:

Student Accounting Department
P.O. Box 843036
Richmond, VA 23284-3036

Drop vs. Withdraw

Drop — charges are removed to indicate that the student never attended the class. The student is not eligible to receive financial aid if he/she drops below half-time enrollment.

Withdraw — charges are assessed and adjusted according to the university Refund Policy.

The following summarizes the official university tuition and fees policy applicable for fall and spring semesters only (excluding short courses):

1. Refunds are calculated on a per credit hour basis, disregarding full-time cap amounts. Students who are enrolled and then withdraw may not receive a refund.
2. Refunds will be computed based on the actual withdrawal date indicated in the student system.
3. Refunds will not be made to students who do not attend classes and have not completed the required withdrawal procedure.
4. Students who drop or withdraw through the first week of classes will be entitled to a 100 percent reduction of tuition and fees.
5. Students who withdraw after the first week of classes may be entitled to a prorated reduction of tuition and the university fee:
 - » Second week of classes 80%
 - » Third week of classes 60%
 - » Fourth week of classes 40%
6. Students who withdraw after the fourth week of classes are not entitled to receive a reduction of tuition or fees.
7. Students who withdraw from all courses and receive Federal Title IV grant or loan assistance are subject to the Federal Financial Aid Refund Policy.

Exceptions to the refund policy are made only in rare instances. Written application for an exception must be filed with the Student Accounting Department and addressed to the Refund/Waiver Appeals Committee. Appeals must be submitted within three years from the semester in which the student is appealing. Students will receive written notification of the decision.

DISHONORED CHECKS

A \$50 charge will be assessed for all dishonored checks. A student who pays a past due balance with a dishonored check may be subject to having his or her current and/or future registration cancelled.

LATE PAYMENT PENALTY

A late payment penalty of 10 percent of the balance, not to exceed \$100, will be assessed for those students whose accounts are not paid by the due date specified on the invoice.

OTHER EXPENSES

In addition to the charges listed in this schedule, students should make allowances for books, supplies and other out-of-pocket expenses when figuring the total cost of education.

RESIDENCY STATUS

Residency refers to the present, fixed home of an individual to which he/she returns following temporary absences, and at which the individual intends to remain indefinitely. The student's residency classification will determine whether tuition will be calculated at the Virginia resident or non-resident rate. Eligibility for the Virginia residency classification is governed by the Code of Virginia and is determined by the university. The following factors considered to support a claim of entitlement to Virginia residency privileges must have existed for a minimum of one year prior to the first official day of classes:

- » Physical residence.
- » Driver's license.
- » State to which income taxes are filed.
- » State to which income taxes are paid.
- » Motor vehicle registration.
- » Voter registration.
- » Employment.

The presence of any or all of these factors does not automatically result in Virginia residency. Students desiring a change of residency status for tuition purposes should file an Application for Change of Domicile for Virginia In-state Tuition Rates available from the Student Services Center. The student must present clear and convincing evidence that he or she is not residing in the state primarily to attend school. Changes in residency status shall only be granted from the date the application is received. The application deadline is 30 days prior to the start of the semester. It is strongly recommended that applications be submitted earlier than the stated deadline.

Effective July, 1, 2006, a student with in-state status for tuition purposes who exceeds 125% of the credit hours needed to complete his/her program will be assessed a tuition surcharge.

STATEMENT OF STUDENT FINANCIAL RESPONSIBILITY

Students who register:

1. Must assume the responsibility for full payment of tuition and fees generated from that registration.
2. Must assume the responsibility for full payment of all housing, dining, and other applicable miscellaneous charges.
3. Must keep a current active mailing address on file with Enrollment Services. Refunds and 1098T tax forms are not issued to students with an inactive mailing address.
4. Must have an active VCU email address. The VCU email address will be used to notify the student when a new invoice is available in the payment and billing site. Other important notifications are also sent to the VCU email address. Failure to acknowledge emails and to review the electronic bill online does not relieve responsibility for timely payments.

The university reserves the right to revise or alter all fees, regulations pertaining to student fees, and fee collection procedures at any time.

PAST DUE ACCOUNTS

Students with past due accounts:

- » Will not be allowed to register for additional classes.
- » Will not be allowed to receive their diplomas.
- » Will not be issued official transcripts of grades.
- » Will be referred to the VCU Collection Unit Pursuant to Section 2.2-4805 et. seq., of the Code of Virginia, and in accordance with rules and regulations promulgated by the state comptroller and attorney general of the commonwealth of Virginia, VCU will charge interest, costs and fees on all accounts past due.

SET-OFF DEBT COLLECTION ACT

Under the provisions of this act, an individual's Virginia income tax refund will be subject to the university's claim for any unpaid balance of tuition and fees.
